

Micro-Perforator

Micro-Perforator to fit 20mm exit shaft

Stock Code: **PD-DEL-HO/20-FP**

Shaft Size: **20mm Exit Shaft**
Outer Diameter: **50mm**

SETTINGS

Additional Information

This device is an exception as you put the female on the top shaft and the male on the bottom shaft. Also due to the different sizes of Horizon support rollers you must have the correct type of support rollers on each shaft and our female has a different outside diameter than the male.

Therefore this is the setup you need on each shaft:

Top Shaft: Female 51mm O/D component plus chrome support rollers.

Bottom Shaft: Male 50mm O/D component plus rubber or black support rollers.

Contents of Package
